

Colourful Liverpool Drawings - Art Postcards Out Now

"Liverpool, European Capital of Culture 2008" is the title of a 15 piece collection of postcards that is available now. All pictures - among them Otterspool, Chinese Gate and Mount Street - can be viewed at www.anis-online.de/2/artclub/liverpool2008.htm and there is a sample postcard available.

A Unique Style

The images were created by Anis (pronounced Unees), a freelance artist and copywriter from Germany, and produced with a renowned printing-house (www.wb-druckerei.de) to ensure a high technical quality of the product.

Customers have the option to order 1 pack for 9,80 €, 20 packs for 5 € each or 50 for 4 €, 100 for 3,50 €, 500 for 3 €, 1000 for 2,50 € and 2000 packs for 2 € each, all plus postage (no VAT). The cards can easily be sold on for 9,98 Pound sterling up to ca. 14,98 pounds.

Moreover, if you are an organisation, a retailer or sales company in Liverpool you can put your logo, name, website and slogan onto the back of each postcard for free when you order at least 2000 packs. This can be a distinguished marketing article or Christmas present. If you order 1000, you can have your logo on them for an end price of 3 € per pack.

Other options are an exclusive sale (up to New Year's Eve or further), 297 x 420 mm posters, calendars, and the purchase of the originals. Marketing events like an exhibition are possible.

Background

In 2008, Anis exhibited some of his works in the Domino Gallery and gave a concert and reading in the View Two Gallery (see photos, Metro interview and blog at www.anis-online.de/office/events/liverpool2008blog.htm). During this Liverpool stay he shot the photos for the new series.

Anis works with shining copic markers: Most drawings measure 297 x 420 mm, a part is based on photos. "This turned out to be successful. People like the style and often tell me they did not see anything similar before. So I continued and started selling", says Anis Hamadeh.

The first set of this kind is the "Before their Diaspora" series with impressions from Palestine before 1948. It is available as a pack of 12 postcards, with a title card and a transparent glossy plastic cover. Posters (297 x 420 mm) can also be obtained. See www.anis-online.de/2/artclub/beforetheirdiaspora.htm.
